

Learn and discover at the magical

UCPS ZOO

Wow! It has been a busy week but there is still work to do. The day has finally arrived! It is opening day at your zoo! I wonder how many visitors will arrive today?

Today you will be in charge of welcoming visitors and providing a tour to some very special people! (One of their names might begin with a D and have a surname starting with A can you guess who it might be?) Come prepared with facts, figures and ideas for how your zoo can make a real difference! What hopes and dreams for these animals do you have?

Practice welcoming visitors, what will you say? And plan an exciting tour guide script (role play this in your home). Let's see if you can amaze all of your guests but beware they have seen lots of zoos before and are not easily impressed!
